Personal explanation record

Choose one guide. Write in your own words, then keep both pages for review.

Topic: _____ Date: _____

1. My conclusion

State what you think follows from the information.

2. Evidence and source

Note the observations or source section you used.

3. Assumptions

What conditions does your explanation depend on?

Blank writing spaces, not an answer key or a checked assessment.

Personal explanation record

Return later: check your reasoning and record what you would change.

Topic: _____ Date: _____

4. Reasoning or calculation

Write the steps connecting your evidence to your conclusion.

5. Limits and uncertainties

What cannot be concluded? What still needs checking?

6. What I changed

Record a mistake or a change in your explanation, and why.

7. Next review

Choose what to explain again and when to revisit it.
